Dear [REDACTED]

Thank you for your recent email.

I have passed your communication onto my officers in the Planning Policy team that are dealing with the consultation on the Proposed Local Development Plan and also to the Council's Capital Projects Team for their information, as they are also embarking on a consultation exercise for the proposed Mixed use development comprising of 60 No residential care housing unit, 40 No extra care housing units, 12 No learning disability housing units and associated support and accessible communal facilities for the Stirches site.

I trust the relevant officers will take account of the concerns that you have raised and will communicate with you in due course.

Kind regards

[REDACTED]

Dear [REDACTED]

I wish to raise concerns regarding the close proximity of this development to my property at [REDACTED].

Also we wish to place on record my serious concerns regarding the pipe work that runs adjacent to my home and The impact this may have on any additional usage that may come from any future development .

Please can I be assured of receiving further communications from SBC as part of any consultation process?

Kind regards  
*John*
