Dear Mr [REDACTED]

Further to your letter of November 25 we are writing regarding the allocation for residential development of site RKE12B .

We are shocked that this proposal seems to have been approved in 2016 without any consultation with us, the owners of the only other adjacent property which we moved into in January 2014.

Obviously we object to this decision in the strongest terms on a number of grounds.

We are taking legal and planning advice and will be writing to you formally in due course.

Yours sincerely,

[REDACTED]

Jonathan and Fiona Lloyd-Platt
