Scottish Borders TDB OSA

(I have no plans to sell the above named property)

Dear Mr [REDACTED]

I thank you for your quick
response to my request for the
Proposed local Development Plan.

Further to our telephone
conversation my property is
[REDACTED]

is I reiterate completely [REDACTED]
it is purely my home & my husband's.

The property is C stat from East
Street to Cume Street & cartway I believe
including the lean to garage & brick
P.T.O.

Building on Cumie Street although
that was purchased by me on a
separate Deed, two of my neighbours
park their cars free of charge in the
double garage. I did write a brief
letter of conditions of their use of it.
The property I believe from the
Deeds was a farmhouse with
barn for cattle & the garages under
have were for pigs (although I
didn't know that prior to purchase.
I presume the animals for market use
kept here. (The Cumie Street property I have given
to one of our six children) still control it)
I find it extremely difficult to see
the detail around Easter Street/Cumie
Street even with the strongest magnifying
glass I have been able to purchase.
Please can I have a copy of p303
of Duns Local Development plan in A3 size or A2
if less sincerly and send

Mr [REDACTED]

Dear Sir, (The above mentioned property is non commercial + I do not have intention to sell it or alter its use)

Thank you for your quick response to my request for The Proposed Local Development Plan.

My house is purely a place where my husband + I reside.

The property [REDACTED] from Easter street to Currie street including the courtyard I believe.

The barn to double garage on Currie Street + brick building attached to the end of the barn we also own. Although they were purchased RTO.

by me on another Deed to the house.
Two of my neighbours park their
cars in my double garage free of charge
I did write a brief letter of conditions
of their use of the double garage.

The property on Currie Street I gave
to one of our six children (Jeffrey)
all of whom are adults although I
retain control of the garage & back kitchen,
on Currie Street.

I find it extremely difficult to see
the detail around ~~East~~ Street / Currie Street
on p. 303 even with the strongest
magnifying glass I have been able to purchase.
Please can I have a copy of p. 303
A2 size if possible or nearest enlargement
size.

Thank you in anticipation of your early
reply -
Yours sincerely,
Joanne M. Middleton (pne)
