**Question**

**Response**

*Title:* Mr

*Name:* Graeme Donald

Reference: the current consultation on the preparation of the next Local Development Plan including Main Issues Report and related documents. I have been looking online for current information on the consultation process for the next LDP. Two related matters have drawn my attention to the consultation - press advertising including a January 2021 final date for consultation and notification on SBC's intention to continue to allocate a site for housing development (Allanbank) within 20 metres of my property . I have no comment to make for or against the Allanbank development but am concerned

*Comments:* about the apparent absence/nature of information related to the consultation as available online.

It would appear that current documents available to study and comment upon are dated from 2018 (MIR) 2016 (LDP) with consultation dates set for 2019/20 but no current draft 2021 documents/proposals.

Please confirm the actual documents with the dates to which I should refer and respond and. if possible, provide me with a list of critical dates and documents that will lead to the final MIR and LDP as presented to Council for approval - when? Thank you.

*Preferred contact method:* Email

*Topic of query:* Local development plan
