What are your comments regarding this site?:

I am writing to object to site proposed - as it will carve up the Policies. My main concern is on the road to service the site cutting through the Policies. While giving the new development easy access to the centre of town, will hugely impact the green space of the Policies. The Policies have been a godsend for so many of us over the last year - a place on our doorstep which is an invaluable, calming space during this period of chaos and uncertainty brought to us by Covid. Our green spaces are invaluable and should be given full protection... A small bite into the Policies would also set a precedent I fear on further damage... Concreting over nature is no progress - lost to all forever.
