ADDITION TO LOCAL PLAN

Dear Sir/Madam,

As the LD is being revised I wish that my site is included, planning has been refused in the past for being on the wrong side of the boundary.

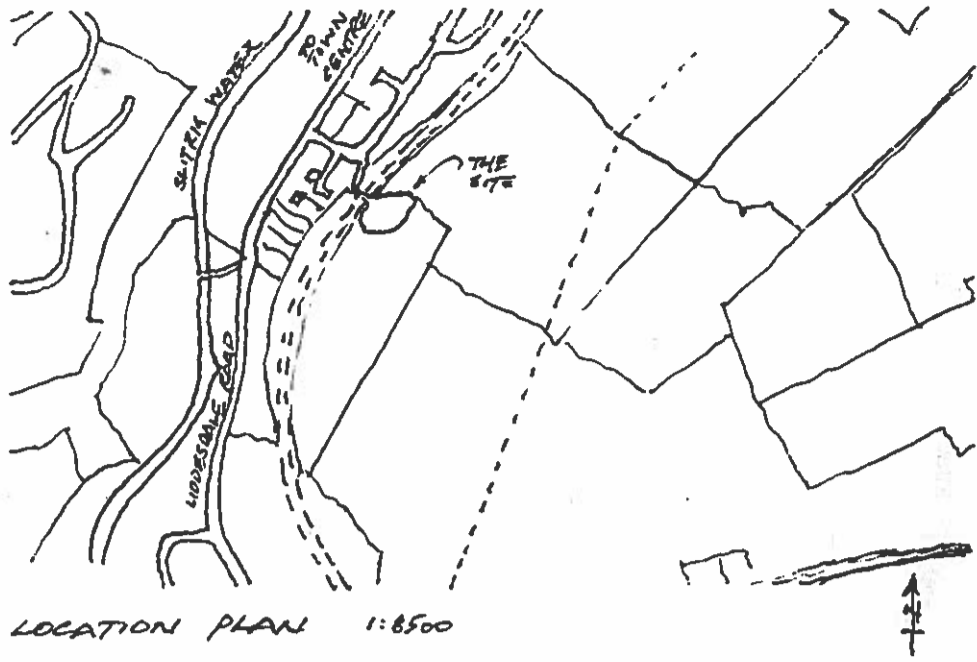

I object to this and it should be included as it's only 30 m<sup>2</sup>s from the nearest local housing. The site has its own natural boundary concealed and would have little impact

on the local area so I see  
no reason not to be included.

Should more information is  
needed please contact me at  
above address or phone

Yours Sincerely
