To Whom it May Concern:

Hello,

As a member of the Dandie Dinmont Terrier Club of Canada, I am writing this email with mixed emotions of passion, sadness and hope, concerning Abbotsford and the proposed AGALA029 Netherbarns Project.

I am passionate about the rich history behind Abbotsford, Sir Walter Scott and how the Dandie Dinmont Terrier fell upon its name.

What saddens me is to imagine that this cherished Heritage site with magnificent unobstructed views, will be lost forever if this project is approved.

My hopes and dreams are to visit Abbotsford in the near future with family and friends, and view it as it stands today, in all its glory.

Sincerely,

Kj Cowan
