Subject: Netherbarns proposal AGALA 029

Sensitivity: Normal

CAUTION: External Email

I object to proposal AGALA029 Netherbarns in the Local Development Plan .

The plan is based on incorrect information as the trees proposed will not adequately hide the development from Abbotsford

.
Abbotsford is a major tourist attraction because of its historical significance and also its nature and river walks. The grounds are open all year round

This is not what we need in Galashiels.

I am a local resident living at Tweedbank and regularly walk through the estate on both sides of the river.

I object as a local resident on grounds of damage to environment and local disruption to area.

AM Harrison
