Comment on Sites in Settlements F to H

Which Site are you commenting on?

Settlements F to H:

Gordon: AGORD004: Land at Eden Road: Housing

What are your comments regarding this site?:

Concerns regarding the sewage work capacity for this amount of houses. As it has been recognised in the past that it is almost at full capacity.

Also have concerns of this site due to the current villages sewage work pipes running under this field.

Other concerns include the capacity of gordon primary school. It is a composite school and has three class rooms. Therefore the maximum amount of children the school can hold is 75.

Consideration should also be made regarding the high school as it is almost at full capacity as well and this is the high school that gordon students attend.

Furthermore another area of concern is entry to this proposed site and if it will impact on the current home owners being able to safely enter and exit their property driveways.
