What are your comments regarding this site?:

My comments are as follows...I strongly and vehemently object to the proposals for the development of Hollybush valley. This is sheer vandalism and the complete destruction of the policies gifted to the people of Gala by the late Hugh Scott. It is a blight on the beautiful landscape and an assault on the wildlife, flora and fauna which have seen generation after generation come and go from baby to adult. They provide education, recreation, relief from mental illness, Learning, growing and enjoying the peace and healing of Gala policies , Hollybush and the surrounding area. The policies are the heartbeat and spirit of Galashiels and Galae folk. And must remain as they are presentlyunsoiled...unsullied and untarnished!

What are your comments regarding this site?:

My comments are as follows...I strongly and vehemently object to the Hollybush valley proposals. This is a disaster for the policies, hollybush, scott park and the surrounding area. This is an assault on the beautiful Gala policies , the wildlife , trees and plants....the natural healing and peaceful energy which has served the people of Gala for hundreds of years. Generation after generation come to the policies for education, healing, relaxation and enjoyment.....the proposals will destroy all that forever....The policies and surrounding area must be left as they are because they belong to the people of Gala....its ours.
Steven Hogg.
