What are your comments regarding this site?:

I would like to comment on the plans for the new academy. Whilst agreeing to the upgrade of the current resources, I do not see the need to impact and destroy another resource. The Scott Park is a well used green space, by taking the easiest route to minimise disruption to the school, its car park, its playing fields, the plan to build within the park grounds will affect both the elderly homes as well as the park amenity for a much greater good. It's not sufficient to compulsorily take over the space just because it's the simplest access route.

The disturbance to the elderly residents will be continual for a long period and detrimental to their mental state, the many organisations and uses the park is used by are too many to number.

The council should be taking the community health and wellbeing into account especially vital now.
