Comment on Sites in Settlements A to E

Which Site are you commenting on?

Site A to E:

Darnick: GSDARN001: Darnick Community Woodland: Greenspace

What are your comments regarding this Site?:

The impact of this proposal would be:

Further loss of green space, wildlife habitat and trees - a climate change issue.

SBC's policy of non-coalescence of small communities would be further threatened.

Darnick is part of a National Scenic Area, but for how much longer?

Building outside the village boundary sets a very dangerous precedent.

Should the railway be extended south from Tweedbank, it would be very close to the proposed houses.

Is this proposal in line with SBC's stated aim to 'protect, and where possible, enhance the built and natural environment, including access to and enjoyment of these resources'?

What would you like to do now?
