What are your comments regarding this site?:

The proposal to build a road through these cherished woodlands is a preposterous idea. Given the fact there is a road only yards away from this proposed road is it deemed necessary to build when access is already there for future housing etc? The woods are well loved by locals and provide a great sense of escapism from the outside world, also the Gala Harriers Running club and numerous walking clubs use these woods for competitions and festivals. Therefore it's use is justified but it's replacement would not bring a better link or service to the town. Finally, and as many would be aware, the current road is not gridlocked every rush hour and so does not needs it's traffic elevated, why fix something when it's not broke??
