Dear Sir

I wish to register my objection to the proposal **AGALA29** to build 45 houses opposite to Abbotsford's historic buildings, gardens and estate.

I base my objection on National Planning Framework 3.

Why would anyone put Abbotsford's historic, all year round, stunning view of the River Tweed at risk of being lost forever? Is this the way the Borders celebrate Sir Walter Scott's 250<sup>th</sup> anniversary?

Yours sincerely,
