Quick Comment / Supporting Information

Leave a quick comment about the Proposed Scottish Borders Local Development Plan, or planning and development in general.....

Quick Comment:

The plan needs to take into account the climate emergency that has been announced. This should have a serious impact on the use of green space, planting of trees, encouraging use of electric vehicles by providing more plug in sites, ensuring all buildings given planning permission have eco friendly heating and power solutions and taking into account where flooding may impact the area in years to come.
