Quick Comment / Supporting Information

Quick Comment / Supporting Information

Leave a quick comment about the Proposed Scottish Borders Local Development Plan, or planning and development in general.....

Quick Comment:

The character and style of villages should be retained. All previous concerns and outcomes from local consultation should be respected. Traffic flow along narrow roads (particularly those with limited or no pavement, those with on-street parking) should not be increased through further development.

In Stow, existing development sites should be utilised before new sites are considered. Any application outside these sites: ASTOW027 and MSTOW001 should be used before any other site. Additional development (even smaller housing projects) should be rejected if they lie outside the plan.
