Leave a quick comment about the Proposed Scottish Borders Local Development Plan, or planning and development in general.....

Quick Comment:

Congratulations to SBC for the detailed LPD2 plan set out. Unfortunately, this plan falls short as there is no mention of the Climate Emergency we are facing. Our environment is suffering we need to act now and cannot afford more lost time. There must be a clear detailed plan moving forward. We are losing our green spaces, woodlands, and conservation areas. The damage this is causing to our wildlife will be irreversible if we do not act now.

The SBC need to take immediate steps to halt the destruction of any further woodlands within our Border towns. We are passionate about the environment we live and work in and it is essential that this is looked upon as a strategic part of the plan going forward.

The impact of Covid-19 cannot allow development applications to slip through the net. Our schools, medical centres etc are currently struggling with the population of our towns. Not to mention the bridges, road etc that cannot with stand more and more traffic. Therefore, scrutiny of all housing developments within the Scottish Borders should be carried out before they are given the go ahead.
