What are your comments regarding this site?:

A deeply flawed proposal with no consideration to the Scottish Borders primary attraction viz. Abbotsford House and its historic environs.

The excuse of planting screening with trees destroys the open country view from Abbotsford and would take 50 years plus to hide a housing estate. The existing line of trees are old, rotting and sparse.

Abbotsford is a major attraction to visitors to Scotland and the Borders and with the Borders rail link and the future tapestry in Galashiels, has huge potential post Covid.

Do not destroy this for the sake of siting 35 houses.
