Forward Planning
Council Headquarters
Newfong, St Boswells
Scottish Borders
Scotland TD60SA

To whom it may concern.

It has been brought to my attention by the Dandelion Club of Canada of the proposed building development at Abbotsford.

I would like to put strongly my objection to this. So called progress in this modern world seems intent on destroying historical places and valuable farm land, sadly its all about money.

I would ask you to carefully consider this and the effect it will have for future generations, our children and Grandchildren, a concrete jungle.

Respectfully
