Subject: NO to the Netherbarns housing development

Sensitivity: Normal

CAUTION: External Email

I would like to lodge a formal opposition to the proposed plans to develop the Netherbarns opposite Abbotford.

It is the 250 anniversary this year of Sir Walter Scott. The development will destroy the idyllic views from Abbotsford House over the Tweed.

It will also ruin the stretch of river for the lovers of the river and the quiet tranquility.

Sir Walter Scott is an idol of Scotland, bringing Scotland onto the map, and reinvigorating many of Scotland's traditions and customs.

I strongly disagree with any development overlooking Abbotsford and Scotlands heritage, protect what we have don't lose it forever.

Regards

Charlie Kay
