I write to voice my objection to the Local Development Plan 2 with respect to the houses at Netherbarns.

My reasons are - the site so near to Abbotsford would **adversely affect that important site** with regard to tourism; it is a **green field site** and should be left that way, as there are numerous other sites including 'brown field' sites which could be developed; it would require removal of **trees**, every one of which we need to combat climate change; other sites could be more convenient for **access** to the centre of Galashiels.

I urge you not to include this site on the Local Development Plan.

Regards, Julie Ozwell
