**CAUTION:** External Email

We are members of the Dandie Dinmont Terrier Club of America. We object to the AGALA29 Netherbarns development project because it will cause irreparable harm to the region. The Netherbarns project will significantly impact the unique characteristics of important and irreplaceable historical, cultural, and aesthetic resources vital to the region, including Abbotsford.

For example, if this moves forward, it will destroy Abbotsford's view of the scenic Tweed River forever. The Netherbarns project will also discourage tourists like us who look forward to experiencing Abbotsford as a cultural icon that it is, and not surrounded by a landscape blighted by a modern land development project. This project will decimate the area's tourist industry, and will significantly impact local hotels, restaurants, and other important enterprises crucial to the economic viability of the community.

For these reasons, we strongly object to the AGALA29 Netherbarns development project.

Mr. Gerard A. Driscoll  
Mrs. Carole F. Driscoll
