APEEB056- Preferred Option for Development in the Local Plan

Acting in our capacity as Joint Attorneys for our father [Redacted] we are writing to thank you on behalf of the family for having included within the Tweeddale Locality of the proposed Local Plan an area of ground forming part of Chapelhill. We are pleased that you have given consideration to the land in question, and can see the obvious benefit of further residential development taking place in a location close to the outskirts of the town and with good linkages to the main Peebles – Edinburgh road.

We would very much support any future housing development on our ground.

Yours sincerely,

Gareth Smith and Paula Smith
