Dear [REDACTED]

**Ref Site Code: ADOLP004**

**Description Of Activity : Allocation for residential development (Land to the North of Dolphinton)**

For the sake of clarity, I would seek confirmation that the aforementioned Site is no longer an active proposal?

Based on the previous numerous serious objections submitted in reference to **Site Code: ADOLP003**.

I have referred to The Main Issues Report Plan & raised my concerns with my immediate neighbours & we can not identify the proposal as an active proposal.

i await clarification & request an extension to the consultation period if my findings are incorrect,

Yours sincerely

**Ronnie McKain -** [REDACTED]
