Dear Scottish Borders Council

[REDACTED]

I am writing to you to express my utter dismay at your plan to run a road through our most treasured woodland at Gala Policies.

I regard it as an act of ecological vandalism in the extreme to allow a road to be built through such a special piece of common ground used by so many people for physical and psychological well being. In addition I believe it to me incredibly shortsighted of the Borders Council to even contemplate the destruction of a special area of natural beauty that would certainly attract tourists to our town.

I wish you to register my strong protest to the planned road.

Please acknowledge that you have received my comments.

Yours sincerely

Vanessa Blackmore
