Galashiels: GSGALA009: Gala Policies: Greenspace

What are your comments regarding this site?:

The policies is a key public space used by many people. It is used for dog walking and exercise for all. It is an important part of the local area which has become more apparent than ever during lock down. I regularly walk my small children in this area as it is a safe space without any traffic for them to enjoy space and nature. To put a road through this area would be a disgrace, and a real travesty for the local community.

Galashiels: SGALA016: Hollybush Valley: Longer Term Mixed Use

What are your comments regarding this site?:

There is no need for such a large development. The access to this site via Balmoral Avenue and the policies is completely unsuitable. A road should not be put through the policies. And Balmoral Avenue is unsuitable for such increased volumes of traffic, it is busy enough at the moment especially with parked cars. You should be encouraging less traffic not more passed a school. Also I presume it won't be just cars but also heavy goods vehicles which would be using the road. This increased road use will cause serious disruption in the local community, and pose a significant hazard for local children.
