Dear Sir/Madam

AGALA029 Netherbarns

I object strongly to the development of the Netherbarns site as this will have a considerable adverse effect on this area. The associated light, sound and visual intrusions will have a negative impact on its unique heritage assets, historic setting and the cultural landscape of the Scottish Borders and Tweed Valley. This impact will not only reduce the enjoyment of visitors to Abbotsford but also consequently reduce the huge economic contribution which Abbotsford makes to the region.

Yours faithfully

C. M. McNulty
