Leave a quick comment about the Proposed Scottish Borders Local Development Plan, or planning and development in general.....

Quick Comment:

I wish to register a strong objection to the development of 45 houses, reference AGALA029 Netherbarns. This proposed development will, like the earlier Netherbank development, destroy the beautiful and special location of the historic Abbotsford House. The proposed planting of trees to screen the houses would take many years to reach full maturity and in winter would provide little screening. Abbotsford House is the jewel in the crown of this area, visited and loved by tourists and locals, contributing to the economy, and caring for the international legacy of Sir Walter Scott who planned Abbotsford and planted the surrounding trees to create a unique home. There must be other land which could be developed for housing so as not to destroy something so important to the area and Scotland.
