### Comment on Sites in Settlements A to E

Which Site are you commenting on?

Site A to E:

Darnick: ADARN005: Land south of Darnlee: Housing

What are your comments regarding this Site?:

This site has been used as grazing land for as long as me or my mother can remember and she was born in ██████████...the site also has a number of mature oak trees and other species around it's border, which will be removed if said land is used for housing .

You should be looking at brown field sites instead of changing land to residential ..from GRAZING LAND ...and I would ask you to not permit this travesty, the land owner doesn't want it neither does the village ...Tory Bully Boys more land for your mates to make money on ████████

What would you like to do now?

**Which Site are you commenting on?**

**Site A to E:**

Darnick: GSDARN001: Darnick Community Woodland: Greenspace

**What are your comments regarding this Site?:**

This woodland is of major importance to the whole village ...I was not aware that it was only leased from the council ...I thought it was part of the Borders Forrest trust...My Aunt Mrs [REDACTED] who was one of the people that planted the millennial oak tree in the wood in the year 2000 and was a resident of Darnick her whole life , some 97 yrs, would turn in her grave if she even thought that you would consider allowing development of this area .

This area should never be developed and you should be ashamed of your selves for even thinking about it ....people have spent the last 21 years ...working and managing the wood .. volunteers all of them to make it a hub for the villagers to take time out from the crazyness around them and you want to remove and build houses there ...probably houses that the local young people couldn't afford to buy ...your a disgrace ...NO NO NO !
