Quick Comment:

I strongly oppose the encroachment of construction into the Galashiels policies. This land is for public use and the social and environmental costs of destroying it, alongside the reduction of green space in Scott Park is a short-sighted action. I can't begin to express how awful it is to know that our council are committed to these plans regardless of the results of this consultation as well. This whole thing makes a mockery of the process, you should be ashamed of your actions. The lack of consideration for the general public and future generations is criminal.
