Leave a quick comment about the Proposed Scottish Borders Local Development Plan, or planning and development in general.....

Quick Comment:

I am very concerned about the loss of green space in the village of Darnick. I understand that this plan will allow the development of darnlea land and I think that is not in keeping with the village. The access to the site is an issue as the road is already busy, the loss of old and important trees on the site and the general increase of the village which has had a lot of building in the last few years are all concerns which I'd like taken into account. The village road through is very tight in places and more traffic is undesirable to sag the least.
