Leave a quick comment about the Proposed Scottish Borders Local Development Plan, or planning and development in general.....

Quick Comment:

I was very distressed to find out that there is a proposal to carve a new road through the Gala Policies. There are many very old Sequioa trees and at least one Douglas fir. These trees are likely almost 200 years old and irreplaceable. On a personal note, I have using the Policies for recreational walks since I was child over 60 years ago. I would say it is important that they need to be cared for and kept the way they are.

On another point I think the water courses would make the Hollybush project yet another very damp dwelling area. There are already enough of these in Galashiels. Just ask anyone who lives in Gala Park.
