What are your comments regarding this Policy?:

I am writing in relation to the designation of Dunglass Dean and Berwick Burn as a potential Local Biodiversity Site.

On behalf of my client, SF Usher, ██████████ I am writing to object to the proposed designation on the basis we have not been provided with sufficient information to fully consider the reason for the designation or formation of the proposed site boundary. Furthermore, there has been very little communication between the local authority and my client during the designation process and we would welcome the chance for constructive consultation on the above.

As a minimum we seek clarification that, if designated, there will be no impact on our clients current practices on the site which include sporting, agriculture and woodland management.

Kind regards

██████████
