28th January 2021

To Whom it may concern.

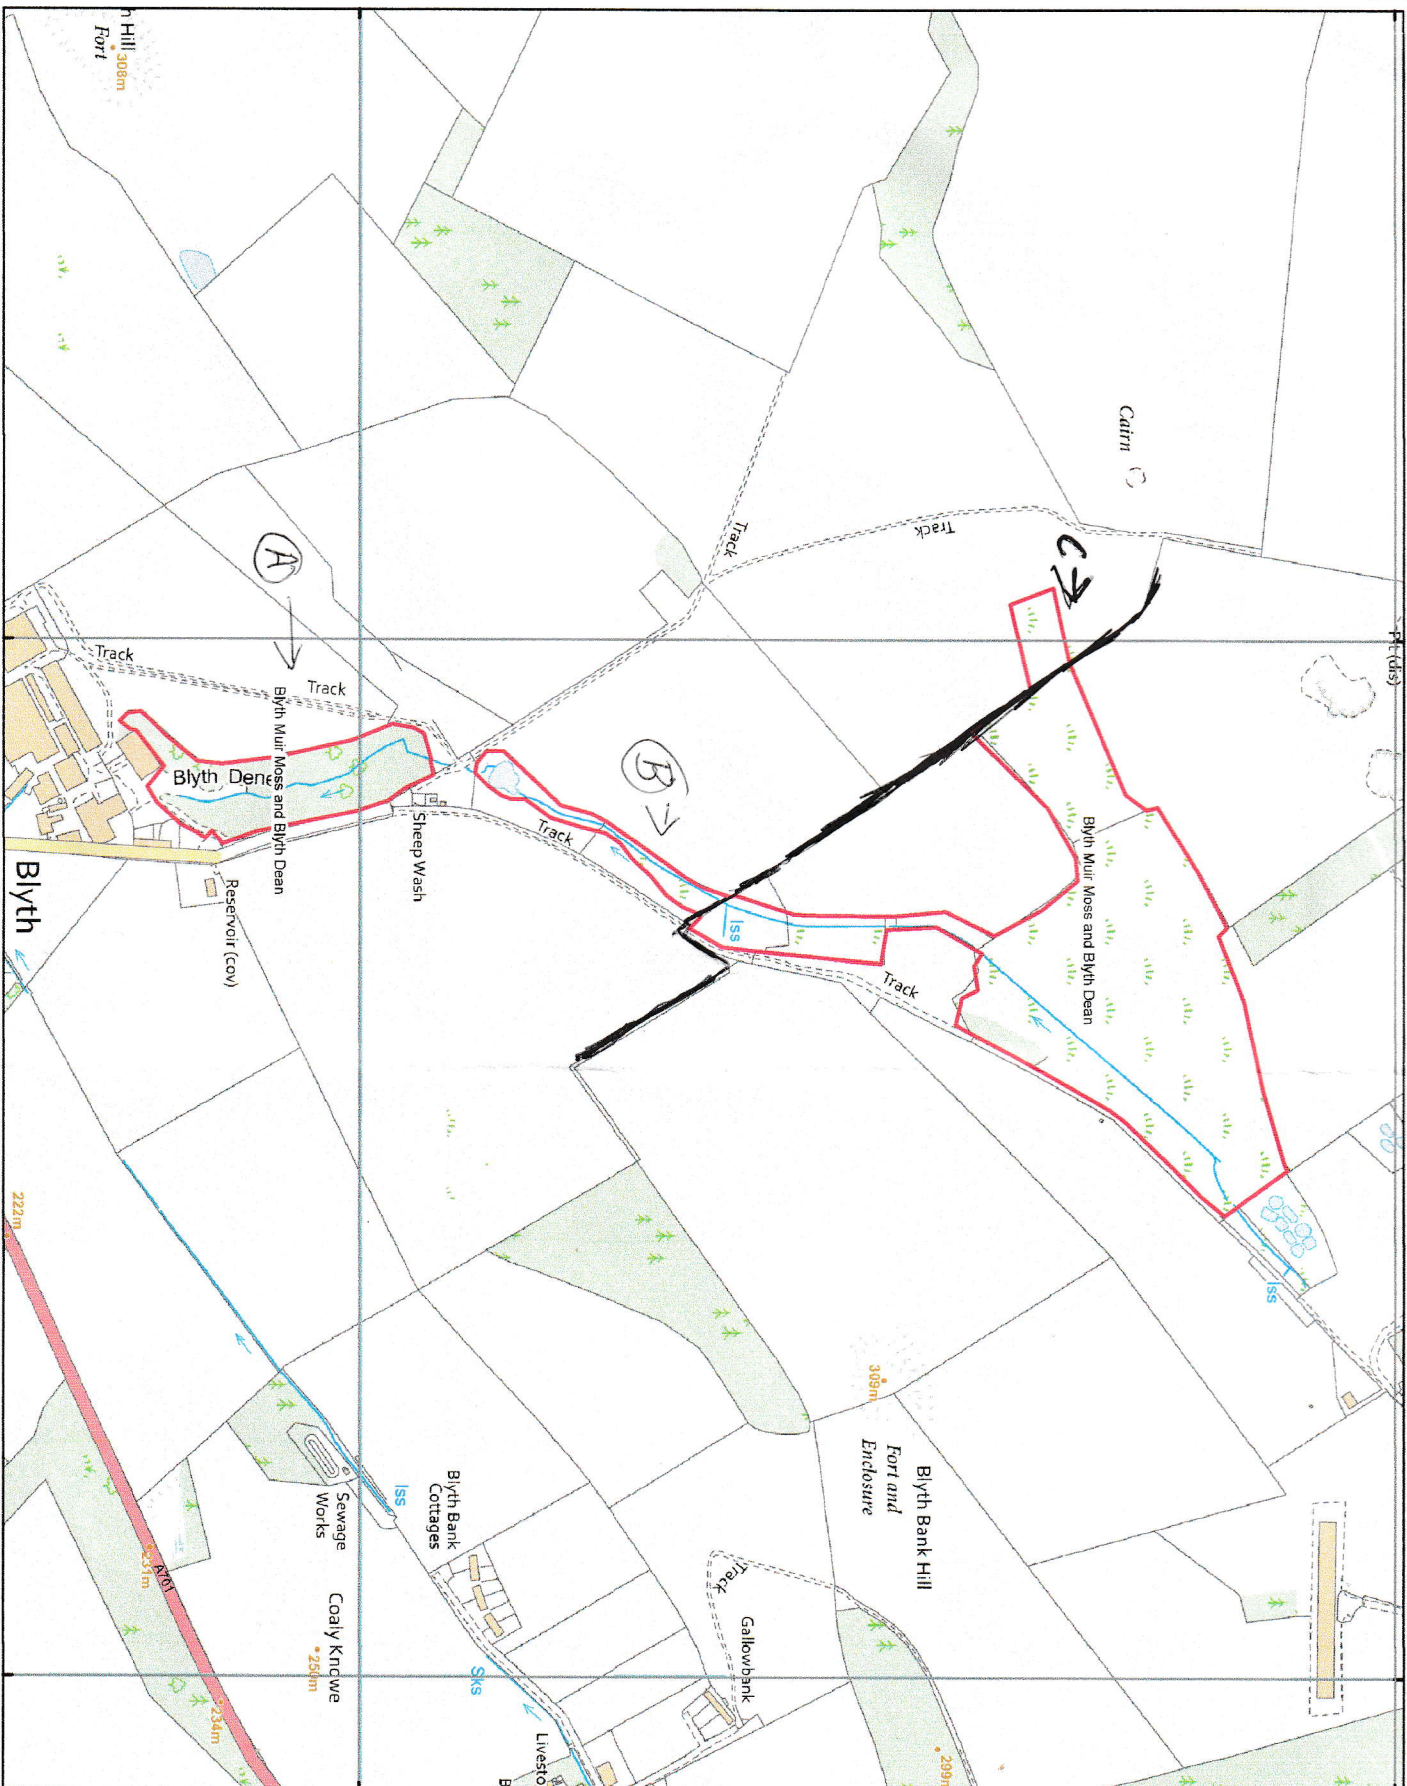

As discussed on the telephone last week, our internet has been down and only restored today. I have attached the farm map showing our boundary in black and sites marked A,B and C.

As you can see, " A " is very close to our farm buildings and used for storing farm machinery and equipment, "B" and "C" are small areas which we also leave to naturally evolve.

As explained on the telephone, our milk buyer is encouraging producers to manage Biodiversity sites on their farms, which we aim to do, therefore we oppose the sites for adoption at Blyth Muir and Blyth Dean.

Yours faithfully,

[REDACTED]
