Dear Mr Wanless,

ref: Scottish Borders Local Development Plan

We have received your letter dated 2nd December 2013 concerning the site in Ayton with the code AY1A.

It concerns us that Scottish Borders' records do not appear to be very accurate.

3 houses were built on this site 2 years ago.

We are surprised that our house is missing from your plans, as are 2 further houses:

- 1 Summerhill Park
- 3 Summerhill Park

The brown shading of the site area in your letter also covers a fourth house:

- 2 Summerhill Park.

These existing houses presumably reduce the indicative site capacity from 24 as quoted to 20.

This aerial view shows the 4 houses:

Yours sincerely,

Anne Lenz-Young

Roderick Young
