Scottish Borders Local Development Plan:
Proposed Plan - Site Code EEA12B

Dear Sir,

Thank you for your letter of 2nd December.
 Your Site Sketch Plan is interesting,
 but does not show where the access to
 the area would be.

I do hope that the access would not be
 from the southernmost end of the Site and
 add vehicular traffic to the Midgate
 which does not cope too well with
 existing traffic.

Could it be from the High Street
 or Oakbank Road? I would
 like you to let me know.

Yours Sincerely
