**Subject:** Scottish Borders Local Development Plan: Proposed Plan

Dear Sir or Madam,

I am writing in connection with the above plan, specifically Site code ELA 12B.

I tried to make a comment using the Textual Comments feature on the online version, but hitting the submit button simply returns a "url not found" message. My comment was as follows:

As a resident on the northern end of the north-eastern boundary, I am concerned that at this end of the site the field is some 8 to 10 feet above the level of the existing houses and that any new development built without significant excavation would have a major negative impact by totally dominating the outlook from the back of the existing houses.

Many thanks,

Brian Martin
