Redpath Village: Consolidated Local Plan

Dear Sir

The Redpath Village Hall Association Committee believe that the presence of a heritage tree, an ancient oak at least 300 years old, is worthy of mention in the Conservation section of the Redpath Settlement Plan. The Council already protects it as it has a Tree Preservation Order. We suggest:

An ancient, 300 year old oak tree stands on Redpath Village green and is recognised as one of the few Heritage Trees in the Scottish Borders. It is protected by a Tree Preservation Order.

Yours sincerely

Primrose Scott, Chair, Redpath Village Hall Association
