Subject: Local Plan Feedback

Hello

I am contacting you to advise that at the Crailing Eckford & Nisbet Community Council meeting on 29th January 2014 it was agreed that the Community Council would not support further developments being plumbed into the existing sewerage plant located in the centre of the village of Eckford. This is due to the sewerage problems experienced since the development of 4 bungalows in 2004.

John Campbell
Chairman
(Craising, Eckford & Nisbet Community Councillor)
