Subject: Eshiels

Good Morning [REDACTED]

Many thanks for your time last Thursday it was good to hear all the background and how they process works.

As requested I write to confirm my agreement [REDACTED]

I also had a ponder over the access issue. I think access to this field would be better achieved via the entrance to Glentress, then left through their small car park and into the field which the FC now own [REDACTED]. There is already a gate there as they use the field for over spill car parking on event days. Then simply straight up the side of the field. At a guess this might by pass the roman camp.

The entrance to Glentress has already been widened, although there is scope for more, and there is a filter lane on the main road for those crossing the traffic. I appreciate that there may be wider constraints which would make this choice unavailable but I'd be happy to show you what I mean if you are interested.

Regards

[REDACTED]
