### **Planning for housing**

#### **Question 7**

**Housing agree?:**

No - site MINNE003 is not required. There are more than adequate sites allocated in Innerleithen. As yet these areas remain undeveloped! This site MINNE003 is right in front of the Health Centre and will diminish the therapeutic views from the waiting area. Also the site is adjacent to the Tweed Valley Railway Path, a huge local asset with its scenic views and attraction to path users. Wider scenic views to the hills beyond will be lost forever should this site be developed when approaching Innerleithen from the west. There is an ancient Roman camp that extends into this field that should be protected and a recognised and long standing Right of Way traverses this area all the way to the River Tweed. Given that there is no identified need for new housing in Innerleithen and sites already unused it seems unnecessary and undesirable to allocate this site with all the access issues there are to this site.
