Vision aims and spatial strategy

Question 1

Q1 Agree aims LDP2:

I agree with some but the fundamentals of improving areas for business don't work without infrastructure. Housing can't just be added in such a way. We need more doctors surgeries, larger school and vastly improved roads (although not space to increase road capacity in most of Peebles).

Growing our economy

Planning for housing

Question 7

Housing agree?:

No! The site off Bonnington Road in Peebles is an awful idea (and I see not need for the other Peebles ones too) There are not the businesses being created within Peebles to warrant the extra housing. The extra traffic this estate would put past the High school and surrounding roads would be huge and they are not made for the capacity, let alone the additional risks to school pupils. Peebles thrives on the size of town it is. Don't spoil it by making it another mass of housing.

Question 8

Housing countryside:

Let the countryside stay countryside! It is one of the lovely things about living in the Borders, don't fill it with houses. If there are spaces within town (such as South Parks) then fine, but don't take the town beyond its current geographical limits.
