Question 19

Other main issues:

██████ I am extremely well placed to appreciate the strains on health and social care services in the Borders. There is no meaningful, knowledgeable interaction between SBC and health. I do not know who gives information from the Health side but they do not know the stresses and strains within the system. I was informed at Peebles meeting tonight that apparently the Health input was that there is adequate capacity at Haylodge. Sorry but how would they know, we have never been asked. There is a fundamental lack of knowledge of how GP services are commissioned and organised.
