First & foremost my main concern is the proposal MINNE03, to construct new housing to the west of Innerleithen, this is totally inappropriate!!!!

The local school ,health centre & roads do not have the capacity to carry such an increase in population . The southern edge of the ground is liable to flooding, can the sewage system cope ??

Increase in traffic congestion at peak times , on what is already a very busy road.

In recent months property has not been selling quickly, therefore this shows that there is not a huge demand for property in the town.

I feel very strongly against this proposal & the fact that SBC did not advertise this widely .

Regards
