Vision aims and spatial strategy

Question 1

Q1 Agree aims LDP2:

I understand that the possible is not always what ends up happening but I feel that the infrastructure in Peebles needs addressed before any more houses are built. The local Doctors surgery cannot cope with the amount of people in Peebles at the moment. Lack of Dental facilities (non-private). The schools - especially the High School - need upgraded/enlarged. The road system is failing. We need a new bridge.
What we don't need are more private housing. We need social housing for the young (and not so young) people in Peebles so that they can continue to stay here.
