#### **National park:**

I think this is an excellent idea which would be a huge asset for the future development of the Scottish Borders as a tourist and leisure destination. The network of Drove roads would be perfect for development into superb cycling and pony trekking routes. It is essential we do not ruin these assets with infra-structure such as wind turbines.

A Scottish Borders National Park should, I think, include as much of the wild, uplands and scenic landscapes as possible such as the Cheviot hills, the hills surrounding Hawick and the Teviot valley, extending north to include the Tweedsmuir Hills.
