Subject: Glentress development

To whom it may concern

We're writing to register our objection to the proposed development of housing and industrial units at Eshiels / Glentress, near Peebles. We have spent many summer holidays at Eshiels and would like to continue to do so. However, the new building development would spoil the beautiful scenery you're so lucky to have in the Tweed Valley, and it is therefore likely to prevent us from visiting again. Our families would therefore urge you to reconsider before an irreversible negative impact is made on the area's outstanding beauty.

Yours faithfully,
