ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material to the financial statements.

Basis of Preparation

The financial statements have been prepared under historic cost accounting rules modified for the revaluation of certain fixed assets and in accordance with FRS 102 1A, the Financial Reporting Standard applicable in the UK and Republic of Ireland, and the Statement of Recommended Practice: Accounting by Limited Liability Partnerships (effective 2017) issued by the CCAB (Consultative Committee of Accountancy Bodies).

Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Fees, charges and rents due from tenants are accounted for as income at the date the relevant service is provided.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption they are carried as inventories on the Balance Sheet.
- Where income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the balance sheet.
- Income and expenditure are credited and debited to the revenue account, unless they properly represent capital receipts or capital expenditure.

Turnover

Turnover represents invoiced rental income from tenanted residential properties.

Cash and Liquid Assets

Cash comprises cash in hand and deposits repayable on demand. Liquid resources are current asset investments which are disposable without curtailing or disrupting the business and are either convertible into known amounts of cash at or close to their carrying values. Liquid resources comprise term deposits of less than one year.
