Table 7.2: Households with home internet access by net annual household income

Column percentages, Households

High level estimates by Local Authority are provided in Table 7.1

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.3: Households with home internet access by year and net annual household income

Column percentages, Households

High level estimates by Local Authority are provided in Table 7.1

Scottish Borders

There is no data to show for this table within the specified parameters.

Scotland

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.4: Households with home internet access by SIMD and year

Column percentages, Households

High level estimates by Local Authority are provided in Table 7.1

Scottish Borders

There is no data to show for this table within the specified parameters.

Scotland

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.5: Households with home internet access by tenure

Column percentages, Households

High level estimates by Local Authority are provided in Table 7.1

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.6: Households with home internet access by Urban Rural classification

Column percentages, Households

High level estimates by Local Authority are provided in Table 7.1

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.7a: Use of internet over time

Table 7.7b: Use of internet over time and by age

Column percentages, Adults

Base numbers prevent breakdown by age at local authority level

Scottish Borders

There is no data to show for this table within the specified parameters.

Scotland

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.8: Use of internet by age

Column percentages, Adults

High level estimates by Local Authority are provided in Table 7.7

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.9: Use of the internet by long-term physical/mental health condition and age

Column percentages, Adults

High level estimates by Local Authority are provided in Table 7.7

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.10: Use of the internet by net annual household income

Column percentages, Adults

High level estimates by Local Authority are provided in Table 7.7

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.11: Use of the internet by year and net annual household income

Column percentages, Adults

High level estimates by Local Authority are provided in Table 7.7

Scottish Borders

There is no data to show for this table within the specified parameters.

Scotland

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.12: Adults who do not use the internet by area deprivation level

Column percentages, Adults

High level estimates by Local Authority are provided in Table 7.7

Scottish Borders

There is no data to show for this table within the specified parameters.

Scotland

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.13: Use of internet by tenure

Column percentages, Adults

High level estimates by Local Authority are provided in Table 7.7

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.

Table 7.14a: Where adults who use the internet access it for personal use

Column percentages, Adults

Columns may not add up to 100 per cent as multiple responses were allowed

Scottish Borders

Table 7.14b: Where adults who use the internet access it for personal use by annual net income

Column percentages, Adults

Base numbers prevent breakdown by annual net income at local authority level. Columns may not add up to 100 per cent as multiple responses were allowed. Responses where annual net income is missing are excluded. Therefore, the 'All' column may differ slightly from Table 7.14a which includes these responses

Scottish Borders, 2019

There is no data to show for this table within the specified parameters.

Scotland, 2019

There is no data to show for this table within the specified parameters, or there is no data to compare with.
